

The Township of Cavan Monaghan Zoning By-law Project Notice of Open House #3

Requesting Input on Preliminary Draft Zoning By-law

The Township of Cavan Monaghan is conducting a review and update of its Zoning By-law to implement the Township's new Official Plan, address local issues, and create a modern and user-friendly document. A Preliminary Draft Zoning By-law (text portion) has been prepared based on a series of background Discussion Papers and input from the community. Mapping and exception zones for specific properties will be provided in a future draft By-law.

You are invited to attend an informal Open House to learn about the new By-law and provide your input. A copy of the Preliminary Draft Zoning By-law, along with other background documents and information, can be found at:
