Purpose and Effect of the Applications

The purpose of the subdivision application is for a 720 unit residential plan of subdivision and includes a number of blocks intended for various uses including stormwater management, open space, institutional and environmental protection. There are a total of 13 internal streets. The residential units are in various forms ranging from single detached dwellings, townhouses and residential apartments. An assisted living building and active senior's building are proposed. The subdivision proposal includes an area of 52.1 hectares (128.74 acres). The Official Plan Amendment and Zoning By-law Amendments are intended to re-designate and re-zone the subject lands in order to facilitate the development of the lands by plan of subdivision as described above.

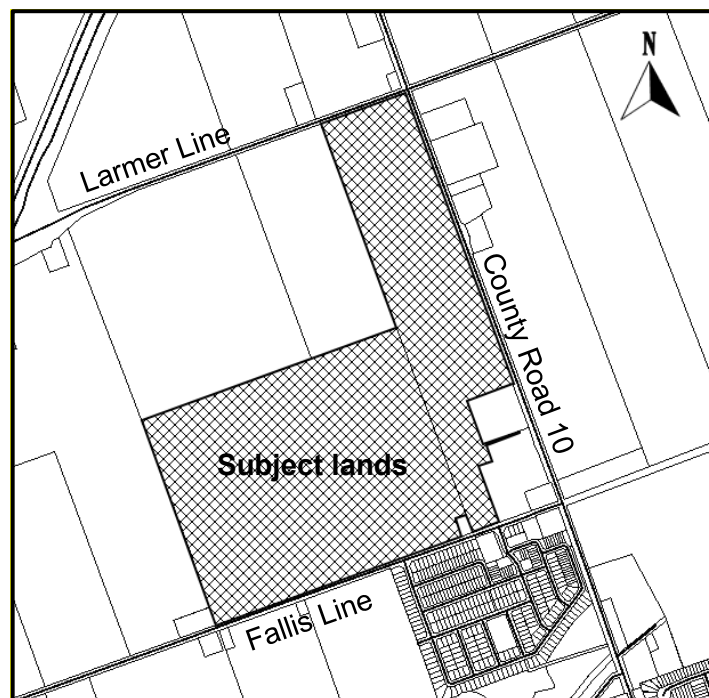

The site of the proposed subdivision is currently designated 'Agricultural', 'Residential', 'Natural Linkage Area' and 'Institutional' in the Township of Cavan Monaghan Official Plan. The official plan amendment application seeks a settlement area boundary expansion and a realignment of the existing land use designations of 'Residential', 'Agricultural' and 'Natural Core Area'. In addition, the official plan amendment is seeking to modify the maximum height permitted for an

apartment/condo building to more than 3 storeys. The site of the proposed subdivision is currently zoned Future Development (FD) Zone, Agricultural (A) Zone, Natural Linkage (NL) Zone and Institutional Exception One (I-1) Zone in the Township of Cavan Monaghan Zoning By-law No. 2018-58. The zoning by-law amendment will re-zone the subject lands to facilitate the development of the lands by plan of subdivision as described above.
