On behalf of the Peterborough Police Service Board, I am pleased to present the 2024 Annual Report. This year marked a significant turning point in policing across Ontario with the implementation of the Community Safety and Policing Act, which came into effect on April 1, 2024, replacing the long-standing Police Services Act of 1990. While this new legislation brings critical modernization to policing standards, oversight, and training, it also presents notable financial pressures for boards and services across the province. The Board remains committed to navigating these changes while maintaining fiscal responsibility and ensuring the continued safety of our communities.

In 2024, the Board also introduced its 2024–27 Strategic Plan, setting out the organization’s roadmap, goals, and priorities over the next four years. Through this plan, we commit to: deploying the necessary resources and processes to prevent and solve crime to keep our communities safe; delivering high-quality service by using best practices and optimized, sustainable resources; and building capacity to support the wellness, professional development, and resiliency of our people.

Throughout 2024, the Peterborough Police Service demonstrated unwavering dedication to serving the City of Peterborough, the Township of Cavan Monaghan, and the Village of Lakefield. The Service responded to over 34,000 calls, underscoring the high demand for police presence and support in our region. Whether civilian or sworn, our members continue to show professionalism, compassion, and excellence in every aspect of their duties.

A notable success this year has been the launch of the Community F.I.R.S.T. program in January 2024, aimed at proactively addressing property crimes through focused, intelligence-led approaches. This initiative reflects the Service’s commitment to innovation and community collaboration in tackling crime.

We are proud to recognize the diverse units within the Service, including Canine, Community Services, Mobile Crisis Intervention, and the Emergency Response Team, to name just a few—all of which play vital roles in supporting public safety. These specialized teams enhance the Service’s ability to respond to a wide range of complex and evolving challenges.

The Board continues to work diligently to ensure that the Peterborough Police Service is both effective and accountable, aligning with community expectations while meeting the requirements of the new policing framework. We are proud to work alongside a dedicated and forward-thinking police service that values transparency, adaptability, and strong community ties.

As we look ahead, the Board remains focused on supporting the Service through ongoing transition under the new Act, ensuring that our shared values of safety, responsibility, and community trust remain at the forefront. On behalf of the Board, thank you to all members—civilian and uniform—for your dedication and service.

Respectfully,
Mary ten Doeschate
Chair, Peterborough Police Service Board

MESSAGE FROM THE BOARD CHAIR

It is my pleasure to present to you our 2024 Annual Report. This year's Report is the first prepared under the new *Community Safety and Policing Act (CSPA)*. The new Act offers promise for advancements aligned in achieving greater community safety and well-being as well governance and oversight. We will continue to work through the new legislation and embrace its guiding principles as we assess the impacts it will have, and any resources required to meet legislated requirements.

A look back at the year reveals a number of achievements, notably the swearing in of Deputy Chief Jamie Hartnett who has been a valuable addition to the Executive Team helping to lead the Organization in our mission to promote the safety of citizens and protect property through a balanced approach of law enforcement, problem-solving, and crime prevention initiatives.

The launch of Community F.I.R.S.T. on January 8th has proven to be an incredibly successful initiative investigating high-volume, low-dollar value crimes that might otherwise not receive resourcing. This approach has had the added outcome of providing frontline responders with greater opportunity to respond to serious, and in-progress, calls for service. It has resulted in significant increases in arrests and charges for criminal matters.

In February 2024, we officially took possession of a portion of 1421 Lansdowne Street West and since

that time a great deal of internal preparatory work, consultation with engineers, architects and planners has gone on. While the work isn't outwardly visible, it is necessary to move forward with the required renovations.

We continue to look for more effective workflows and undertook a reorganization of some of our Divisions.

We hosted another successful open house at 500 Water Street as well as several Town Hall and budget presentations.

Internally we continued to look for methods and means of supporting our members, operating under a philosophy of healthy employees are happy employees and happy employees are productive employees. Perhaps one of the most endearing efforts is puppy hour, an initiative with the Peterborough Humane Society to offer opportunities for puppies, who need socialization, to come into the police station to engage with our members.

I am proud to serve as Chief of Police, leading dedicated and professional men and women, sworn, civilian, and auxiliary. Together, we will continue to work toward being the best police service possible through our:

- Commitment to community.
- Commitment to service.
- Commitment to you.

Stuart Betts, Chief of Police

With a combined population of approximately 100,000 people, and welcoming just over 3 million visitors, students and residents from neighbouring communities, annually, the Peterborough Police Service often sees fluctuations in the number of calls for service and the types of calls for service. In 2024, the Service received 34,105 total calls for service a 5% increase from the previous year. There were 8,713 criminal calls for service reported in 2024, a 17.8% increase over 2023.

About 82% of calls for service are considered non-criminal in nature.

Online reporting continues to grow with 3,568 reports submitted in 2024, a 10% increase from 3,221 in 2023.

Within the Peterborough Police Service 2024-2027 Strategic Plan, we have committed to working toward 20 goals consisting of 39 initiatives under the following three categories.

Enhance Community Safety

We will deploy the necessary resources and processes to prevent and solve crime and keep our communities safe. In Year 1 there were 13 initiatives for this category.

Modernizing Policing

We will deliver high quality service to the communities we serve by using best practices and optimized, sustainable resources. There were 3 initiatives in this category for Year 1.

Supporting Our People

We will build capacity to support the wellness, professional development, and resiliency of our people. There were 3 initiatives in Year 1 in this category.

Professional Standards

The Professional Standards Unit (PSU) is responsible for completing misconduct investigations both internally and those reported by the public to the Law Enforcement Complaints Agency (LECA). In total, 55 complaints were filed in 2024, a decrease of 6.78% over 2023.

The PSU also completes investigations when the Provincial Special Investigations Unit (SIU) has been involved. These investigations examine members conduct, the policing provided by the involved members and the procedures established by the Chief of Police related to the incident to ensure compliance.

Local Inquiries

Complaint Definitions

Internal complaints

Matters that are driven from internal processes which are known as Chief's Complaints. These are documented by supervisors and are dealt with under the *Community Safety and Policing Act (CSPA)*.

Local Inquiries

Local inquiries are less serious, informal matters that citizens bring forward for attention or correction without making a formal complaint. They can be about the procedures of the service or interactions with police or wanting to bring something to the attention of the Service. On the rare occasion, these inquiries lead to LECA complaints, and in those instances, their classification is changed to avoid duplication.

LECA

The Law Enforcement Complaints Agency is an independent civilian oversight agency responsible for receiving, managing, and overseeing all public complaints against police officers in Ontario. It ensures complaints are dealt with in a transparent, effective, and fair manner for both the public and the police.

Community F.I.R.S.T

The Community F.I.R.S.T (Community Focused Investigation Response Support Team) Unit began as a pilot project in January 2024 and has demonstrated significant value to the community.

Consisting of one Staff Sergeant and four uniformed patrol officers working in pairs, the Unit also receives support from return-to-work officers as needed.

The Unit consistently engaged with stakeholders and initiated several proactive measures targeting problem areas and addressing crime trends.

The first year of results highlights the Unit's commitment to maintaining public safety, supporting local businesses, and ensuring justice within our community.

A notable investigation led to the arrest of two violent individuals linked to a multi-city crime spree. The spree began with an armed carjacking in another jurisdiction and included multiple crimes across several cities leading to Peterborough where they were arrested and charged.

Community F.I.R.S.T

“This program is in response to what we have been hearing from the community for several years when it comes to property crimes. The voice and concerns of the community are being heard. We know property crimes have adverse effects on residents and business owners and we want to do a better job in responding to these types of calls. Our officers are responding to high priority calls each, and every day, which means that these types of calls get lower priority. It is frustrating for victims of crime, and it is frustrating for our officers who want to serve the community. It’s what the community expects and deserves.”

Chief Stuart Betts, Peterborough Police Service

News conference after multi-jurisdiction shoplifting scheme arrests, December 3, 2024

Traffic Services Unit

The Traffic Unit is currently comprised of one Sergeant and four Constables.

In 2024, the Unit was often called upon to supplement the frontline in answering calls for service. Provincial Offence Notices (PONs) totalled 5,585 for the Service in 2024. There were 4,420 PON's issued in Peterborough, 261 PON's issued in Lakefield and 904 PONs issued in Cavan Monaghan Township.

These PONs were issued by both Traffic Unit Officers as well as frontline police officers.

The Traffic Unit is the primary response to serious motor vehicle collisions that may involve fatal injuries.

In 2024, there were nine vehicle collision reconstructions as a result of serious or fatal motor vehicle collisions. These investigations take a significant amount of time to complete and require officers with specialized collision reconstruction qualifications.

The Traffic Unit is also constantly monitoring for the fatal four:

- Speeding
- Impaired Driving
- Distracted Driving
- No Seatbelt

Mobile Crisis Intervention Team

Since 2011, the Peterborough Police Service has had a form of Mobile Crisis Intervention Teams. Currently, there are two teams of one police officer and a mental health worker.

The teams' primary responsibility is dealing with calls for service involving individuals experiencing an acute mental health crisis, provide follow up with individuals and help those, in need, connect with other community agencies.

They are also a liaison with community partners working in the mental health space and have helped reduce the officers' time spent at PRHC with patients waiting to be seen by the Crisis Unit.

In 2024, MCIT apprehended 287 individuals which is a 23.5% decrease from 2023.

There were 944 mental health occurrences in 2024, which is a decrease of 27% from the previous year, highlighting the effectiveness of having mental health professionals to reduce the need for hospitalization. In 2024, there were 3 mental health diversions, which was a decrease from 12 in 2023.

These decreases can be attributed to the team's ongoing proactive efforts, including timely referrals and comprehensive community education.

3 DIVERSIONS

Community Services Unit

Operating under the framework of the four pillars of - Education, Opportunity, Inclusion, and Functioning Family. Comprised of four Constables, the Unit is deeply committed to fostering positive relationships with the community's youth through consistent engagement, outreach efforts, and lockdown drills.

Each officer is tasked with maintaining regular contact with approximately 9-10 schools throughout the academic year.

The officers are trained and certified in Violence Threat Risk Assessment (VTRA), enabling them to proactively address instances of violent behavior

among students. By intervening early, the officers strive to prevent potential escalations of violence and safeguard the well-being of the school community.

The Unit extends its outreach efforts to local Retirement Residences, Special Olympics, and Early Childhood Education (daycare) facilities. Through tailored presentations, the officers promote safety practices and community awareness among diverse demographics.

During the summer months, the Unit is responding to lower-priority calls and providing Foot Patrol in the downtown core.

REPORTS

Emergency Response Team (ERT)

The *Community Safety and Policing Act (CSPA)* now formally designates police services to have a tactical response within a reasonable time, ensuring a structured and standardized approach to high-risk operations.

In 2024, the Emergency Response Team (ERT) transitioned from a Containment Team to a Tactical Team which means an increase in training and equipment. ERT provide tactical support in high-risk and critical incidents.

ERT has a deployable strength of 14 members, as well as having six fully trained Tactical Paramedics. These TAC Medics are currently employed by

Peterborough Paramedics and assist outside of regular Paramedic duties.

All ERT members are assigned to the front line, ensuring a swift and effective response to high-risk incidents. Their deployment enhances the safety and readiness of uniformed officers while providing the community with immediate tactical support.

The team responded to 42 calls for service in 2024. The volume of calls ERT attend have consistently increased over the past number of years.

Within these 42 calls the Light Armoured Vehicle (LAV) was utilized on five occasions.

ERT CALLS FOR SERVICE

Canine Unit (K9)

The Canine Unit (K9) provides specialized support in suspect apprehension, search and rescue, drug detection, and firearm detection. K9 is comprised of two dedicated Canine Handlers and three highly trained canines.

The K9 Unit frequently collaborates with the City of Kawartha Lakes, Cobourg, and Port Hope Police Services, as well as the Ontario Provincial Police (OPP).

K9 often assists the Service's ERT and Remotely Piloted Aircraft System (RPAS) operators, providing invaluable assistance.

In 2024, the K9 Unit responded to 818 calls for service resulting in 11 arrests related to weapons, drugs, and driving offenses.

Members of the K9 Unit undergo biannual certification and continuous training mandated by the Ministry.

Moreover, the officers and their canines' actively engage with various community groups and stakeholders through demonstrations aimed at fostering positive relationships and promoting public awareness of their vital role in law enforcement.

Specialty Units

Remote Piloted Aircraft System Unit (RPAS)

The Remote Piloted Aircraft System (RPAS) Unit was formed in 2021 with one qualified officer as a pilot.

In 2024, that number increased to five qualified officers as pilots.

In 2024, the RPAS was used 68 times on a variety of assignments (missing persons, motor vehicle collisions, demonstrations, and public events) and the pilots completed 365 hours of training.

Uniform Financial Crime Coordinator

This position was launched as a pilot project on October 1st, 2024 and aims to enhance coordination with other police services, financial institutions, and connect with community to combat financial crimes more effectively.

One notable success was the arrest of an individual in a sophisticated multi-jurisdictional bank scam that targeted vulnerable elderly individuals within our community. The financial loss was estimated at \$56,000 and the arrest led to fifteen related charges.

Training Unit

On April 1st, the *Community Safety and Policing Act* (CSPA) was enacted. The Act has placed more demand on the type of training that police and Special Constables are mandated to complete.

Each officer is required to complete Ministry-mandated In-Service Training, which equals a minimum of 40 hours, annually. This training is overseen by the Sergeant of the Training Unit, with support from 15 additional officers from the frontline assisting.

In 2024, the total allocated time for In-Service Training exceeded 6,000 hours.

Two Special Constables completed the new training curriculum in 2024 which equated to 200 hours per Special Constable and 80 hours of facilitation overseen by the Unit.

The Canadian Police Knowledge Network (CPKN) is an e-learning platform that also provides a variety of module-based training courses.

In 2024, officers, recruits and civilians completed 34 different courses on-line via CPKN. These courses range in duration, from 20 minutes to 4 hours, and are normally completed during regular scheduled hours.

**6,000 +
IN-SERVICE
TRAINING HOURS**

**34

FOR MEMBERS**

Auxiliary Unit

The Auxiliary Unit is comprised of volunteers and is overseen by a Sergeant and the Inspector of Operations. The Unit consists of one Inspector, three Staff Sergeants, three Sergeants and 21 Auxiliary Constables. There are currently five vacant positions in the Unit.

In 2024, the Auxiliary Unit received the Community Betterment Award at the Peterborough Civic Awards, recognizing their 3,000 plus hours of volunteer service within our communities in 2023.

The members of the Auxiliary Unit are a vital part of the service provided to the City of Peterborough,

Village of Lakefield, and Township of Cavan Monaghan. Established in 1999, the Auxiliary Unit will celebrate its 25th year in 2024.

The Auxiliary Unit fulfills several roles within the service from the uniform officer Ride Alongs to Home Guard Inspections, Child Seat Installation, large events, parades, and Inspection and Crime Prevention Through Environmental Design (CPTED).

kind in their engagements with individuals. The Service also knows that the community expects that public places such as parks, places of business, and most importantly places where our children go, such as playgrounds, should also be safe.

IN THE COMMUNITY

It is such an important part of policing to connect with our communities.

Thank you

THANKS FOR REACHING OUT

Thank you to our community members who took the time to share these words.

It means so much to our members. And it is why we do what we do. For community.

These are just a sample of letters, emails, and voicemails we receive.

My husband called the non emergency number for the department about a traffic matter and we were amazed that a patrol car was by within 10-15 minutes (we witnessed him drive by, as we were out in the driveway shoveling). About 5-10 minutes after seeing the patrol car, the officer called to follow up! Unfortunately he didn't see the vehicle, however let me and my husband know that he would keep an eye out, as this was part of his area of patrol.

Thank you for the prompt and courteous service!

Hello! I just wanted to send a note and tell you how impressed I am with the Ptbo Police Service as well as our Paramedics. Yesterday morning just after 8am, I discovered a man lying face down along the trail on McDonnel Street. He appeared to be injured and I called the non-emergency number and was told police and ambulance would be on their way. Three police officers and two paramedics were here in a few minutes. Kudos to PC Gannon who talked to the injured man with care and compassion and was able to talk him into going with paramedics to be treated. I was so impressed that the police and paramedics who treated the man as a human being. Thank you for doing such a great job protecting our community, including those most vulnerable.

Our business was unfortunately the target of a break in a couple of weeks back. No injuries, no losses, just damages to fix.

A quick note to let you know your officers, PC Hicks and PC Holub did a great job on behalf of our City!! PC Hicks even called today to follow up to make sure a Statement of Restitution was clear and ready to go.

In closing, sincere thanks to your team, greatly appreciated by ours!!

Thank you to officers Sgt McGill, PC Conway, PC Thalen, PC Charmley for their compassion and professionalism while conducting a wellness check. They were kind, took their time and demonstrated the highest value of service to both the person and the community.

I saw a young man lying on the sidewalk. I turned around to help and saw an officer had arrived and was talk to the young man. As I stood there I marveled at how patient PC Thayyil was with the incoherent man. Not once did the officer escalate the situation as he tried to help the young man.

Major Crime

The Major Crime has 11 Investigators comprised of one Detective and 10 Detective Constables.

The Community Safety and Policing Grant (CSPG) helps fund several roles including a Major Crime Detective, as well as investigators in the following areas: Human Trafficking, Internet Child Exploitation (ICE), Intimate Partner Violence (IPV)/Elder Abuse and Sex Offences.

In 2024, the Major Crime Unit investigated and cleared two homicides. One, a shooting incident that resulted in the arrest of the offender on the same day.

The other, a stabbing incident which also resulted in an arrest on the same day.

There were seven attempt murder investigations in 2024. Four involved firearms and five separate victims, one strangulation and, in one incident, a motor vehicle was used to intentionally strike the victim.

In 2024, ICE investigators completed 52 Child Pornography investigations, 17 Production Orders and 12 Search Warrants. 11 people were arrested and are currently before the courts.

"Otonabee River Man" Cold Case

The Major Crime Unit also had success in confirming the identity of a homicide victim in a cold case originating in 1988.

In partnership with a Texas-Based company called Othram, as well as the Ontario Forensic Pathology Service, the Major Crime Unit was able to positively identify the remains.

As a result of advanced DNA testing technology, the human remains have been identified as Gerald Durocher. Durocher was born in November 1949 and at the time of his death would have been 38-years-old.

As a result of this identification, investigators have now begun to further investigate the circumstances surrounding the murder of this victim.

In December 2024, a news conference was held to bring as much awareness as possible to the case. These efforts included a video speaking to what investigators know about the case.

You can watch and share it through the Peterborough Police YouTube channel.

[youtube.com/peterboroughpolice](https://www.youtube.com/peterboroughpolice)

Street Crime & High Risk Unit

Street Crime Unit

The Street Crime Unit is comprised of two Detective Constables.

The Street Crime Unit's main responsibility is investigations related to robberies, break and enters, thefts including theft from vehicles as well as stolen vehicles.

High Risk Unit

The High-Risk Unit (HRU) is currently comprised of three Detective Constables. These Investigators are responsible for ensuring the compliance with Court Orders by repeat offenders and parolees, as well as

monitoring, and drafting 810 orders and dangerous offender applications. The HRU also assists the Sex Offences Unit with compliance checks and enforcement related to the Sex Offence Registry (SOR).

The Street Crime and High Risk Units worked closely with each other combining resources on investigations. 2024 saw each Unit identify trends within their respective areas and work together to solve cases including several break and enters and robberies.

Intelligence & Drug Unit

In 2024, there were 213 criminal investigations specific to drugs, reported by citizens or generated by the Peterborough Police Service.

Forty-four of these were cleared by charge, 13 of these were not solved, one was a youth diversion, one was solved and not criminal, and 154 were cleared. The increase in this category can be attributed to the Safer Public Spaces initiative.

Of the 44 charges laid, Intelligence, Crime Analyst and Drug Unit (ICAD) made 18 arrests. Investigations generated by the ICAD unit are generally lengthy investigations and can lead to drug related projects.

Local complaints led to a search warrant in which three people were arrested and charged with firearms and drug trafficking offences.

Cocaine and methamphetamine represented the largest quantity of drugs seized.

6,131 Dilaudid pills were seized after an investigation and search warrant at a local residence. A man was charged with possession for the purpose of trafficking.

Forensic Services

The **Electronic Crime Unit (ECU)** has two members: one Detective Constable and one Special Constable. These two members conduct cellular phone, computer extractions and analysis of data, along with advanced acquisitions, data recovery, cell phone and board repair and structured query language analysis.

Since hiring a civilian technician in 2020, there has been an 88% increase in incidents, a 51% increase in devices for process, and a 365% increase in data.

Devices include cell phones, hard drives, computers, thumb drives, laptops etc.

Forensic Identification Services (FIS) is one Sergeant and three Detective Constables, with a civilian Special Constable overseeing the fingerprinting and DNA databank submissions.

FIS works with all members on crime scene examination, evidence examination or educating members on best practices and/or evidence collection.

The Police Service has 34 Scenes of Crime Officers (SOCO) across the Service. They responded to 200 calls for service and increase from 133 in 2023.

Victim Services Unit

The Victim Services Unit is comprised of two coordinators who are both registered social workers. These two coordinators are the primary and secondary handlers of the Facility Dog, Pixie. Between the two staff members, Victim Services is represented on six different professional committees. The Victim Services Unit (VSU) made significant strides in 2024, continuing to provide trauma-informed and comprehensive support to individuals and families navigating the aftermath of crime, trauma, and tragic circumstances.

In 2024, Victim Services delivered 33 professional presentations, both internally to PPS Members, and in the Community.

One Victim Services member completed the Children's Grief and Bereavement Certificate delivered through Sick Kids Learning Institute and completed the required training hours to obtain their Certified Clinical Trauma Professional (CCTP).

Victim Services was tasked with reviewing 2,306 incidents in 2024 which is a 2.4% increase over 2023.

9-1-1 Communications

The Peterborough Police 9-1-1 Communications Services Division is the Primary Public Safety Answering Point (PPSAP) for all residents of Peterborough as well as the Village of Lakefield and the Township of Cavan Monaghan.

Communications staff are responsible for answering all 9-1-1 calls, prioritizing emergency calls, dispatching, and down streaming 9-1-1 calls for Ambulance and Fire to our emergency partners, and operates 24/7/365.

To comply with NENA (National Emergency Number Association) standards, Communications

staff are required to answer 90% of all 9-1-1 calls within 15 seconds and 95% within 20 seconds. Communications staff continuously meet the NENA standard, and from August 2024 to December 2024, 93.82% of all 9-1-1 calls were answered within 15 seconds, and 97% of the calls were answered within 20 seconds. The average time spent on each 9-1-1 call was 84.9 seconds.

The 9-1-1 Communications Centre is staffed with a Communications Manager, 9-1-1 Coordinator, four Communications Supervisors, twelve full-time Communicators and four part-time Communicators.

The Verified Alarm Response Policy (VARP) took effect March 1, 2024. The program was initiated to reduce the number of false alarms received within the Peterborough Police Service policing areas.

Records Management Department

The Records Management Unit consists of eighteen members: one Records Supervisor, eight Records Management Clerks, one General Inquiry (Lakefield office) Clerk and eight Police Report Entry Clerks.

The Records Management Unit provides administrative support to all internal stakeholders of the Peterborough Police Service including Operational Services, Investigative Services, and Support Services.

The Records Management Unit also provides services to external stakeholders including all levels of government, local businesses, and members of the community.

Workloads in the Records Management Unit continue to grow exponentially due to calls for service, proactive work of specialized units, citizen's use of online reporting and a significant rise in record check applications.

In April 2024, the structure of the Records Management Unit was altered and the individually identified roles historically assigned in silos, were changed to a collective role of "Records Management Clerk". Clerks were cross-trained and able to respond to priority items and increased workloads.

Court Services

On April 1, 2024, the Police Services Act was replaced by the *Community Safety and Policing Act (CSPA)*. While the sections may have changed, as court security now falls under section 243 of the CSPA, it is still the responsibility of the Police Service Board.

Court security is accomplished through four full-time Uniform positions, two full-time Civilian Clerk positions, two SPC supervisors, 17 full-time Special Constable (SPC) positions and four part-time SPC positions. The Unit is also responsible for obtaining

fingerprints and DNA samples as the result of Court Orders, civilian requests from Criminal Record Checks, and as required under the Identification of Criminals Act.

SPCs must successfully complete training prescribed by the Solicitor General. The PPS Training Unit developed the first Ministry-approved SPC training course for the PPS. In the fall of 2024, two SPCs hired after April 1, 2024, completed the five week course and successfully passed the Ministry SPC exam.

Strategic Communication Services

STRATEGIC COMMUNICATIONS

COMMUNITY ENGAGEMENT & DEVELOPMENT

Strategic Communication Services Statistics 2024

Strategic Communication Services was established in 2024, as a branch of the Executive Services Division of the Service. The Division consists of the Strategic Communications Manager and the Community Development & Engagement Coordinator. The mandate of the Division is to work with all Divisions of the Service to ensure internal and external communications are consistent, clear, professional and engaging. The implementation of the 2024-2027 Strategic Plan has shaped many of the activities and work of this Division.

How we reach out to our community and community partners is important. Our residents and visitors have access to the Police Service 24/7/365 through the website, online reporting portal as well as connection through traditional media releases and news conferences.

To connect with our community partners, Police Service members sit on several local working committees along with developing relationships with local agencies.

The Division is also the lead on searching out, developing and guiding grant proposals.

INFORMATION TECHNOLOGY

DIGITAL EVIDENCE MANAGEMENT (DEMS)

VIDEO FORENSICS UNIT

Information Technology Statistics 2024

The Information Technology Division consists of the Information Technology (I.T.) Manager, Digital Evidence Management (DEM) Unit and Video Forensics Unit (VFU).

In 2024, there were 83,352 digital evidence items uploaded to the Digital Evidence Management System (DEMS). This was a 78% increase in items uploaded, which was a result of the Service increasing their technology as well as increasing the DEMS staff. The VFU consists of a single

civilian member who is responsible for extracting all the videos that are submitted through online reporting and then creating all the crime bulletins for identification and investigation. The member also attends businesses and extracts video for the Service's needs.

The IT unit continues to work towards a transition from Peterborough Technology Services (PTS) to support the Services needs, and is expected to expand the unit in 2025.

Strategic Risk Management

POLICY, AUDIT, AND RISK CONTROL
FREEDOM OF INFORMATION (FOI)

Strategic Risk Management Statistics 2024

The Strategic Risk Manager responsible for reviewing, updating, and drafting all procedures for the Service along with conducting audits and risk analysis.

The Service has 189 procedures.

In 2024, 18 procedures were reviewed and updated. Most of these were re-written. In addition, five new procedures were created to comply with the new *Community Safety and Policing Act (CSPA)* which came into force on April 1st, 2024, and/or to meet operational needs. Procedures range from five pages in length to

more than 40 pages depending on the complexity of the subject matter.

The Service experienced an increase in Freedom of Information (FOI) requests in 2024.

The provincial Information and Privacy Commission (IPC) releases an annual report outlining the response rate compliance which includes police services. The Peterborough Police Service had a response rate compliance of 98.9%. This is up considerably from 48.7% in 2022.

Financial Services

FINANCE

FLEET AND FACILITIES

QUARTERMASTER

Financial Services Statistics 2024

The Financial Services Division, led by the Finance Manager, is essential in providing operational support to the Police Service. This entails management of division budgets, special projects, and administrative tasks.

The division's structure includes the Fleet & Facility Coordinator, the Quartermaster & Purchasing Clerk, and, as of June 2024, the Finance Coordinator.

Service demand increased from August to November with the new police facility.

Body armour replacement is necessitated by its five-year lifespan. In 2024, we replaced 52 units and invested in additional inventory to maintain readiness.

In 2024, the Quartermaster moved into a single storage location which has helped with inventory control while also better assisting members of the police service.

PEER SUPPORT

People Services Statistics 2024

The People Services Division provides a comprehensive range of support, advice, and guidance regarding workforce matters.

Key priorities include supporting new members, reintegrating returning members into the Service, and enhancing our service offerings to members.

The Division has four and a half full-time team members: one Manager, one Disability and Wellness Coordinator, one Payroll and

Benefits Coordinator, and 1.5 FTEs in the Recruiting and Talent Acquisition Unit.

2024 saw an overall decrease in the number of long-term occupational injury/illness claims and in the overall number of members off work or on modified duties.

The Disability and Wellness Coordinator has made significant improvements to member well-being, and supported the successful return to work of five members by revising orientation and reintegration processes, and establishing monthly check-ins with members off work to maintain connections.

Recruitment

In 2024, despite a challenging recruitment landscape in policing, the Service successfully reached its full complement of authorized strength.

To enhance recruitment efforts, People Services has actively fostered partnerships with community groups, colleges, and universities. Strengthened relationships with institutions such as Fleming College, Durham College, and Trent University have broadened recruitment strategies.

The Peterborough Police Service expanded its Shuttle Run Program in 2024 to attract qualified Police Constable applicants, and raise community awareness.

In 2024, the Service also introduced a Women's Only Shuttle Run on the first Wednesday of each month to encourage more women to pursue policing careers, aligning with the strategic goal of increasing sworn female officers by 5% by 2027.

COVER STORY

From crisis to solutions

Navigating police recruitment in Canada
By Brittani Schroeder

Canadian police services are grappling with significant recruitment challenges. Across the country, police leaders are striving to build diverse and resilient teams. The task at hand is to attract a new generation of officers who reflect the communities they serve and can address the multifaceted issues of today's world.

Blue Line sat down with Chief Stuart Betts of Peterborough Police Service (PPS), Sgt. Stephanie Johnson of Halifax Regional Police (HRP), Deputy Chief Constable Todd Macneil of Surrey Police Service (SPS), and Alissa Sullivan, Human Resources Manager at Regina Police Service (RPS), to discuss the recruitment challenges facing the country and how these services have tried to overcome them.

National challenges
According to a study released by Statistics Canada, by May 15, 2023, there were 75,475 police officers across Canada, which was almost 900 more officers than on the same date in 2022. However, "despite this increase in police strength in 2023, the rate of police strength in Canada continued the downward trend that started more than 10 years earlier," the study found.

This downward trend is being seen

Officers (left to right): PC O'Neill, Monkswell, DC Ian Hawes, PC John Benge, PC Camille Dufour.

already facing a new service. With hundreds of experienced officer positions to fill, they had to ensure that SPS's high hiring volume did not negatively impact neighbouring communities. "If we were only to recruit experienced officers from neighbouring police services, there was a risk that we would disservice other communities. We can't solve our problems by creating new problems for others," explained Macneil.

For HRP, the housing shortage throughout Halifax Regional Municipality has created new challenges for recruiting experienced officers. As Johnson shared, there is a shortage of homes, and the cost of living has increased. "Experienced police officers in Vancouver, Calgary and Toronto who were hoping to move to an area with a lower cost of living and profit by selling their current home have found that this is no longer an advantage," she explained.

Surrey Police had additional factors to consider in their recruiting, which added to the challenges it was

about policing. Study after study has shown that above wages, which is at the top of the list, is a summer. Their wellness is also included a contracted offer for members and their as they recognize that an support system extends to their colleagues and employer. Similarly, as PPS builds trust where leaders empower their members to be problems has been a significant forward. "We all talk about shrinking pool of applicants who are actively doing more," asked Betts. He also has had to take a leap of faith projects now, which is necessary, and embrace. Once he "got out of the way who were inspired to do it for the greater good of the citizen and professional could to see what goals could be a key lesson learned for that people who grew up it offers long to move back to East Coast. "Our Police recruitment campaign has

Some lessons learned
Though the challenges were to be piling up, each service has seen successes during their recruitment efforts over the last few years. As SPS builds their organization, the culture of the service has been to focus. By putting forward a strong wellness program built into the culture and their collective agreements, they hope to serve their members personally and professionally. "We know that this job isn't just
