Fall Festival

Your Millbrook BIA Board of Management has earmarked this date and timing with a planned road closure on King Street between Tupper & Union Streets, for the return of this all ages event. However - an Event Planner, and a committee of volunteers, both from our businesses and community are needed to make it happen. Until such time as an Event Planner is named, those interested in volunteering at the event or being on the Planning Committee should reach out to chair@millbrookbia.com.

Sat, Oct 24 or 31?

Get Your Spook On

The logistics and marketing of this event (which does not involve any road closures) will be determined by the Millbrook BIA Marketing Committee.

Thurs, Dec 3, evening event

Christmas in the Village

On the recommendation of 2025 Planner, Kim Blackwell (4th Line Theatre) this Event will return as a Thursday nighttime event, with the intention of keeping its signature feature - horse drawn wagon rides. Your Board of Management is seeking a Planning Committee. Exact Road closure requirements are yet to be determined. Until an event planner is named, anyone interested in making this event happen can reach out to chair@millbrookbia.com.

Marketing Committee Meetings

As with all BIAs across Ontario, your Millbrook BIA Board of Management relies on a Marketing Committee to determine how money from BIA coffers is best spent on marketing the BIA as a whole. While Event Committees can involve volunteers from the Community, the marketing committee is made up of members of BIA. Thanks go out to The Peddler and Dusk to Dawn for hosting the February and March meetings. Please reach out to one of your Directors on the Board of Management if you are interested in hosting the April marketing committee meeting and stay tuned for further announcements.
